

## Welcome to our new service to Pittsburgh, Pennsylvania.

With its vibrant mix of neighbourhoods, exciting sports scene, thriving business district and lively nightlife, Pittsburgh is a hidden gem that is waiting to be explored.

Our new service launches 2 April 2019 and will be the only direct route between the UK and the Pennsylvania city. You'll depart from London Heathrow Terminal 5 on board our Boeing 787-8 Dreamliner. There will be four services a week and flights are available to book now at [ba.com](https://www.britishairways.com)

Pittsburgh's thriving arts, culture and food scene, as well as sports and outdoor activities, make it a great place to visit for holidaymakers. The city's diverse neighbourhoods are fantastic places to explore on foot. Many have quirky layouts, with narrow winding streets and varied styles of architecture to discover.

Wander the urban centre of Downtown, admire the city's skyline from the hilly South Side, catch a major league sports game or visit a museum in North Side, enjoy a peaceful stroll around a park in East End-South or pick up a bargain in the shopping areas of East End-North.
