Welcome to Charleston

Touch down in Charleston, a pinnacle of historical charm. Travellers visiting the Atlantic beachside city can taste the local seafood delights, wander through streets filled with multiple historic architectural styles and explore the marvellous marshlands nearby.

Discover the cobblestone streets in South of Broad and the French Quarter and the cheerfully coloured Rainbow Row. Visitors can immerse themselves in the city's diverse history and look out for the striking forts dotted throughout. See the dolphins from the harbour, then head to King Street for a spot of brunch and an afternoon of boutique shopping. Travellers can step back in time and hop aboard one of the many horse-drawn carriages for a tour of the town, including The Four Corners of Law. Outside of the city, visitors can explore Boone Hall Plantation in Mount Pleasant, which operates one of the oldest working plantations in the USA.

The British Airways Boeing 787-8 Dreamliner

The new route will be served by one of the airline's most advanced aircraft, the Boeing 787. Its smooth-ride technology makes for a more comfortable journey with less turbulence. Lower pressurisation results in cabin air that is less dry; perfect for reducing the effects of jetlag. A wide choice of on-demand films, as well as television and audio programmes are available for viewing on each customer's personal flat screen. Comfortable ergonomically-designed seats, complimentary meals and a full bar service will also be available on board.
